**ORDER**

**Adopted: July 20, 2007****Released: July 20, 2007**

By the Associate Chief, Wireline Competition Bureau:

1. In this Order, pursuant to section 10(c) of the Communications Act of 1934, as amended (the Act),<sup>1</sup> we extend by 90 days the date by which the petition requesting forbearance, filed by Embarq Local Operating Companies (Embarq),<sup>2</sup> shall be deemed granted in the absence of a Commission decision that the petition fails to meet the standards for forbearance under section 10(a) of the Act.<sup>3</sup>

2. On July 26, 2006, Embarq filed a petition requesting that the Commission forbear from the mandatory application of Title II requirements regarding tariffs, prices, cost support, price caps, and pricing flexibility and from the application of the Commission's *Computer Inquiry* rules to broadband services offered by Embarq and similarly situated independent incumbent local exchange carriers (LECs).<sup>4</sup>

3. Section 10(c) of the Act states that a petition for forbearance shall be deemed granted if the Commission does not deny the petition for failure to meet the requirements for forbearance under section 10(a) within one year after the Commission receives it, unless the Commission extends the one-year period.<sup>5</sup> The Commission may extend the initial one-year period by an additional 90 days if the Commission finds that an extension is necessary to meet the requirements of section 10(a).<sup>6</sup>

4. The petition under review raises significant questions regarding whether forbearance from application of Title II of the Act and the Commission's *Computer Inquiry* rules to Embarq's and other

similarly situated independent incumbent LECs' broadband services meets the statutory requirements set forth in section 10(a). The Bureau thus finds that a 90-day extension is warranted under section 10(c).
